September Program – How ERVs help enhance IAQ, save energy and help meet the energy codes and standards

Nishant Kanapilly is a Product Manager with RenewAire. In this role, he is responsible for defining and managing the company's product strategy by working with cross functional teams to deliver innovative product solutions that incorporate both the voice of the customer and the needs of the market. Nishant has over 10 years of experience in the HVAC industry. Prior to RenewAire he was a consulting engineer and specialized in the analysis, design, and construction of energy efficient systems on a wide range of project types both in the United States and Internationally.

He holds an MBA degree from Duke University, Fuqua School of Business, a Master in Science in Mechanical Engineering from Manhattan College, NY and a Bachelor of Engineering in Mechanical Engineering. He is also a Certified Energy Manager and a LEED Accredited Professional. He is a regular presenter at many national conferences and is a guest lecturer at the School of Architecture at the University of Texas in San Antonio.
